

**Let's Never Forget Series Celebrates the Asian Influence in the Sierra
Myo-Wa-En Garden of Peace and Tranquility - Private Tours
Friday, April 6, 2018 (see times below)**

This amazing traditional Japanese garden is not open to the public, although the owner, Boonie Lang, conducts tours twice a year by appointment only. These tours take place in spring and fall, when the Japanese maples are at their best. This garden is now fully mature, having been created in 1986 by the garden master, [Saito Katsuo](#), then 92 years old, was visiting California at the time. In order to understand the thought process and the dream that brought this project to fruition, one must meet the amazing woman who made it all happen. The construction of the garden was completed by Yamasaki Landscape as the Lang's were very close to the Japanese community. In a traditional [Japanese garden](#), every item is there for a purpose, and has symbolism or reason for its existence. Even the surrounding fence is constructed purposefully to both obstruct and guide the view. Celebrate the best in Japanese Garden Design by joining the tour of **Myo-Wa-En, Garden of Peace and Tranquility**.

Tickets can be purchased in advance on our website at www.letsneverforgetseries.org or by mail at the address below.
Safe and reliable transportation is included in the Ticket Price of \$15.

Space is limited to 33 people per tour group – reservations required.
